

Summer Road Trip Safety Tips

Stay safe behind the wheel and on road with these helpful tips.

Belt It – Always wear seat belts and make sure children are buckled properly and in appropriate car seats.

Stay Alert – Avoid driving if you're tired. Limit driving time to hours when you're normally awake. Take frequent breaks to stretch your legs.

Put Down the Phone – Focus on driving. Phone calls and text messages can wait.

Just Breathe – If stuck in traffic or challenged by an aggressive driver, take a deep breath, try to get out of the way and don't take it personally.

Break Safe – When stopping for breaks, always lock vehicle doors, even if you'll only be gone for a few minutes and keep anything of value in the trunk or covered storage area.

Light It Up – Turn your headlights on as dusk approaches, or if you are using your windshield wipers due to inclement weather.

Stop, Lock & Roll – If approached by someone while your vehicle is stopped, keep your doors locked and only roll your window down enough to hear what the person is saying.
